NEWS & NOTES

Become a WA Green School

We strongly believe that every school in Washington can become a WA Green School, teaching, modeling, and practicing environmental sustainability and serving as centers for change throughout the region. If you aren't already a Washington Green School, then there's no time like the present! Simply sign up to get started. Here's how it works: 1. Build Your ...

5 Tips to Go Green This School Year

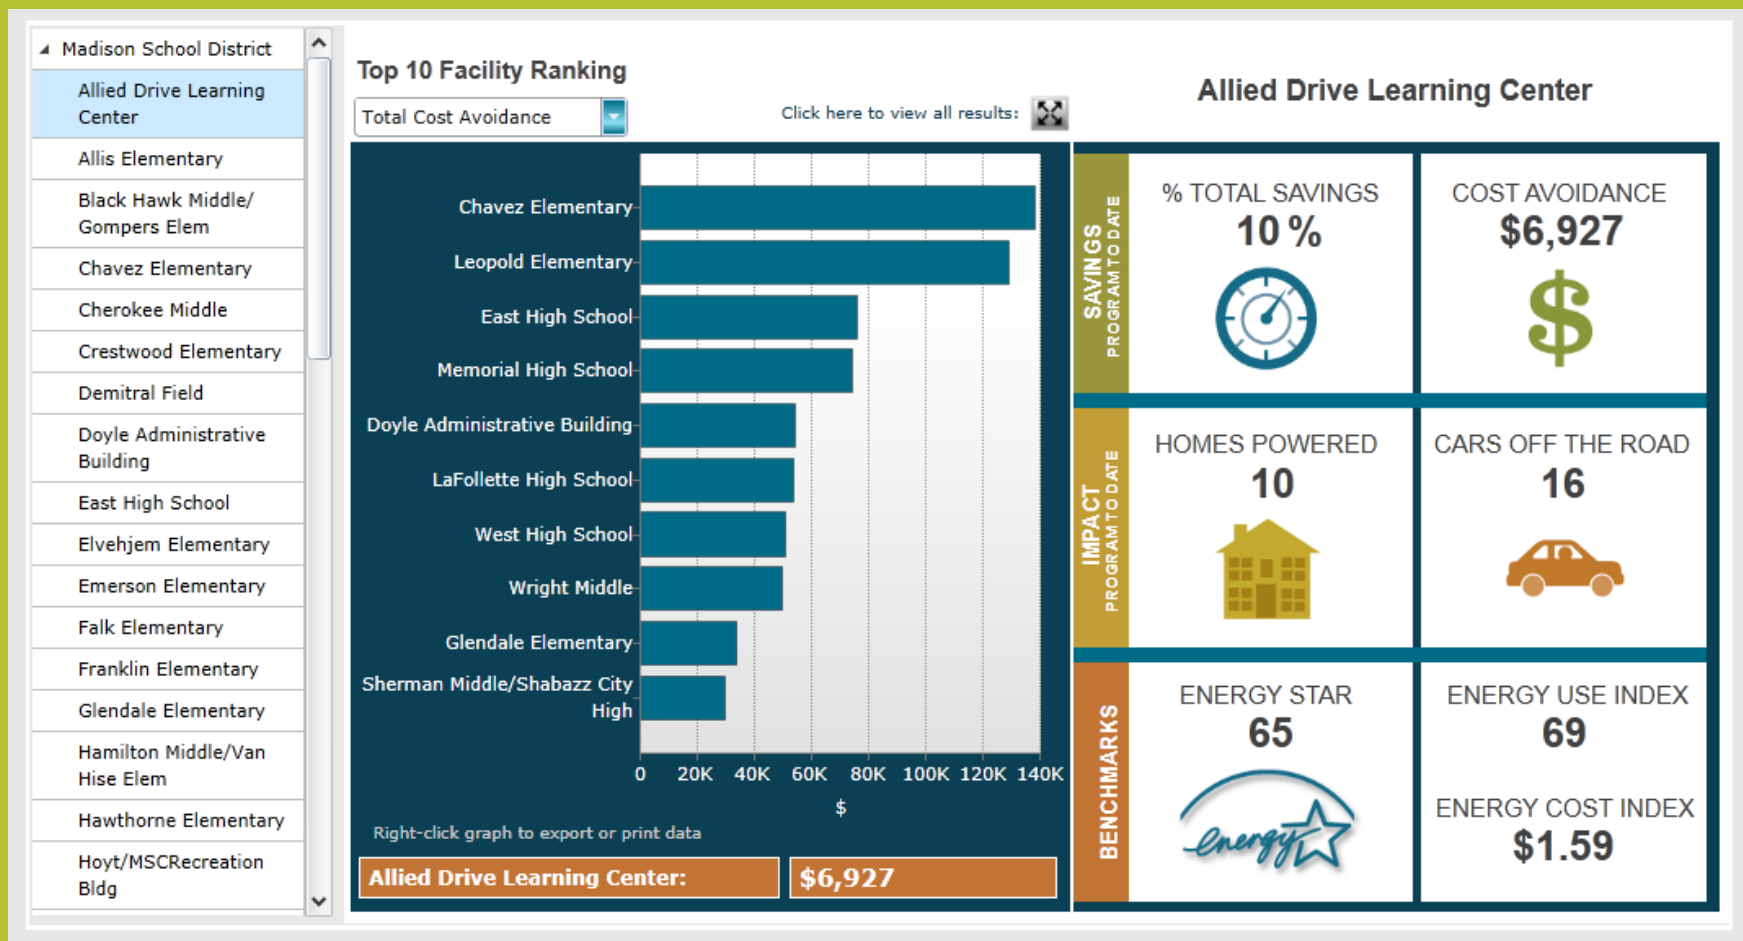

We're replacing beach bags with backpacks and morning bike rides with bus stops. The beginning of the school year is a great opportunity to consider how parents, students, and teachers can
